| GNUR 5700                    | Primary Care Seminar III                           | GNUR 5670,<br>GNUR 5690   | 1            | Spring                       |              |                |
| GNUR 5710                    | Primary Care Preceptorship II                      | GNUR 5670,<br>GNUR 5690   | 6            | Spring                       |              |                |
| GNUR 6032                    | Role II: Transition                                | GNUR 6031   | 2            | Spring                       |              |                |
| <b>Total Credits 50</b>      |  |   |              |                              |              |                |

\* Also requires one year of relevant clinical experience.  
Revised: 10/21/09

\*\* May substitute the comparable PhD course and receive doctoral credit.

Note: Most classes in the Core and Advanced Practice Core can be taken in any sequence (note the prerequisite column). These core classes should be completed before proceeding to the Clinical courses. It is best to speak with your faculty advisor to plan an individualized Plan of Study.
